

# Module Chart of Microwave Drying System

1. To meet the customer requirements, JHC provides tailored applications to each customer.
2. Key components installed in the chamber are as follows ;
  - I ) Rotating Axis
  - II ) Hanging Device
3. The chart below shows some of the example combinations. Other types of combinations are also applicable.

Microwave Drying Chamber

Example

Rotating Axis :  
1-Axis  
Hanging Device :  
2-Trees Type  
Trees in chamber :  
2 trees

Module Chart		Rotating Axis		
		1-Axis	2-Axes	4-Axes
Hanging Device	1-Tree Type	a)  1 tree	d)  2 trees	g)  4 trees
	2-Trees Type	b)  2 trees	e)  4 trees	NA
	4-Trees Type	c)  4 trees	f)  *8 trees	NA

\*Feasible depending on tree size and weight.
